

William Tedrow Bio

I am a Colorado native that graduated from Arvada Sr. High class of 1992. I worked for Coors brewing company for years before moving into the automotive industry for almost 15 years working my way up to service manager and eventually fixed operations director.

Tired of working for “the man”, I went back to school and studied business and finance at CMU in Grand Junction and started my own business. I moved back to Arvada to be with and help my mother who was losing her fight with cancer. I owned a bar/ restaurant for a few years, married my beautiful wife Camille and we decided that when she graduated from UNC that we wanted to start our lives together in Delta.

I opened a new business here on Main Street and she teaches first grade at Garnet Mesa. Wanting to be involved in our new community my business is a member of the Chamber of Commerce and we hold fundraisers to give back to the community as much as possible. I proudly served the last two years on the City Planning Commission and now on City Council.

I love the City and County of Delta and the community. I am pro business and smart growth while protecting the history and culture of the town. I also support our local law enforcement and first responders and look forward to getting them the tools they need to keep our community safe.
