## ICC

## Building Guide Colorado Chapter of the International Code Council

## Single Family Residential Uncovered Decks and Porches

## How to Use this Guide

Check with your jurisdiction regarding type of submittal (paper or electronic) and for additional requirements. Draw to scale and complete the following (hint: use graph paper with $1 / 4$ " squares.
Example: $1 / 4 "=1$ ').
1.Complete this Building Guide by filling in the blanks on page three, and indicating which construction details will be used.
2.Provide Plot Plan(site plan) showing dimensions of your project or addition and its relationship to existing buildings or structures on the property and the distance to existing property lines drawn to scale. See page 2.

## 3. Fill out a building permit application.

The majority of permit applications are processed with little delay. The submitted documents will help determine if the project is in compliance with building safety codes, zoning ordinances and other applicable laws.

The Colorado Chapter of the International Code Council is a professional organization seeking to promote the public health, safety and welfare to building construction. We appreciate your feedback and suggestions. please write to the Colorado chapter of the Internationa code Council, P.O.Box 961, Arvada, CO 80001.This building guide can be found on Colorado Chapter of the International Code Council website at: http://www.coloradochaptericc.org

This handout was developed by the Colorado Chapter of the International Code Council as a basic plan submittal under the 2018 International Residential Code. It is not intended to cover all circumstances. Check with your Department of Building Safety for additional requirements.

## Single Family Residential Uncovered Decks and Porches

Note: A plot plan (plan view) showing the dimensions of your project or additions and its relationships to existing buildings or structures on the property must be included. In addition to project dimensions, your plot plan must also show other details such as post locations and spacing, joist and beam spans, and any other pertinent information not shown on the section drawing.

## Site Plan Example

## Plan View Example

This handout was developed by e Colorado Chapter of th the International Code Council a basic plan submittal asder the 2018 International Residential Code. It is not intended to cover all circumstances. Check with your Department of Building Safety for additional requirements.

## Single Family Residential Uncovered Decks and Porches

## Directions

1. Fill in the blanks. Please print legibly.
2. Indicate in the check box which detail from page 6 will be used.

## Address:

$\qquad$

Type of decking $\qquad$ x (example: $1 \times 4$ or $2 \times 6$-Trex)

Conditions such as attachment to cantilevers or veneers may require Engineer's approval

## Detail C

This handout was developed by the Colorado Chapter of the International Code Council as a basic plan submittal under the 2018 International Residential Code. It is not intended to cover all circumstances. Check with your Department of Building Safety for additional requirements.

## Single Family Residential Uncovered Decks and Porches

## Stair \& Handrail Specifications

Handrail Notes:

1. Handrails shall be continuous on at least one side of stairs with 4 or more risers.
2. Top of the handrails shall be placed not less than 34 inches nor more than 38 inches above stair nosings.
3. The handgrip portion of handrails shall be not less than $1-1 / 4$ inches nor more than $21 / 4$ inches in cross section for non circular handrails.
4. Handrails shall be placed not less than 1-1/2 inches from any wall or other surface.
5. Handrails to be returned to wall, post or safety terminal (per 311.7.8.4 IRC)

Acceptable Handrail Details

## Unacceptable Handrails

This handout was developed by the Colorado Chapter of the International Code Council as a basic plan submittal under the 2018 International Residential Code. It is not intended to cover all circumstances. Check with your Department of Building Safety for additional requirements.
