FUTURE GROWTH

When contemplating future growth, the following list of values were ranked from highest to lowest importance, with the top items as the most important values to consider.

DELTA DOLLARS

With \$100 budget using "Delta Dollars", the graph below shows how and where workshop participants would invest city resources.

NEIGHBORHOOD NODES

Each group showed strong support for small scale commercial businesses within neighborhoods to provide better access to goods and services, stating that "YES!" these need to happen. One group also suggested a new commercial node on the west side along Highway 50. Each node aspires to create a vibrant economic hub for local neighborhoods.

"The south side of town along State Highway 50 is a key area of opportunity the groups determined as it has a lot of potential to become gateway and commercial corridor for the City of Delta."
