

Chapter 13.11

SEWER AND WATER LINE CONSTRUCTION REQUIREMENTS

Sections:

13.11.010 Permit required.

13.11.020 Construction requirements.

13.11.010 Permit required.

A. It shall be unlawful to excavate within any City street or other City-owned property, or to construct, or to repair, or to make any tap to any water or sewer main or appurtenant facility owned, controlled, or operated by the City without first obtaining a permit from the City.

B. An application for a permit shall be on forms provided by the City and shall be accompanied by a permit fee set by the City's annual fee schedule. (Ord. 4, 2022)

13.11.020 Construction requirements.

A. All water and sewer construction work shall comply with all City Standards and Specifications.

B. All excavations shall be properly barricaded and marked at all times. Requirements of the Uniform Manual for Traffic Control Devices of the State of Colorado shall apply to excavations within streets.

C. No water and sewer work shall be covered or backfilled until the work has been inspected and approved by the City as complying with City Standards and Specifications.

D. All excavations shall be backfilled in accordance with required City Standards and Specifications. Street cuts shall be repaired in accordance with City Standards and Specifications. (Ord. 4, 2022)
