

COURTESY REVIEW FORM AND CHECKLIST

City Staff recommends that applicants request a courtesy review prior to submitting an actual formal site development application to speed the review process.

Site development requirements can be found in section **15.04.080** of the City Municipal Code and in the City Standards & Specs manual. Site Development Plans are approved administratively.

Building Plans can be submitted after site development plan is approved or concurrently with the site development plan. (The site development approval is a SEPARATE process from the building permit)

Courtesy Review Items

✓ Date: _____ Property Address/ Location _____

✓ Contact Info: _____

Name Mailing Address

Phone Number Email Address

✓ Are you the owner of the property? ____ no ____ yes.

✓ If not, do you have owner's permission for proposed changes? ____ no ____ yes.
