PHASED IMPLEMENTATION  

Delta US 50 and SH 92 Access Plan

If nothing changes, nothing changes.

The bulldozers are not waiting...

This is a long-range planning document that addresses potential future growth in the area. The plan will be implemented in phases as changes and growth occur in the City/County. Portions of the plan will be implemented based on the following triggers:

1. Redevelopment that increases traffic by 20% or more
2. Publicly funded project by City, CDOT or County
3. Safety or operational issue

The plan is a living document that CAN be amended.
